

## President Reaffirms Bi-Partisan Policies

### Hopes Red Relations Improve

Washington, Nov. 10.—(AP)—President Truman today reaffirmed his devotion to the nation's bi-partisan foreign policy and said he hopes relations with Russia will improve.

He said emphatically he sees no reason to change foreign policy operation because of the defeat in Tuesday's elections of Senator Dulles (R-NY).

Mr. Truman also told his weekly news conference that:

1.—The election results will make it easier to carry out the democratic platform.

2.—There will be no change in the price of gold while he is president.

3.—As far as he knows there have been no more atomic explosions in Russia since he announced the first one weeks ago.

The foreign policy discussions, dovetailed with talk about the election victories scored by democrats in the off-year voting this week.

Reporters were mindful that Dulles is a former delegate to the United Nations and a leading Republican party consultant on operation of the unified foreign policy. They also knew that Gov. Dewey in campaigning for Dulles had declared Dulles' skill in foreign affairs must be kept in Washington.

When one of them asked whether the republican senator's failure at the polls meant any change in the bi-partisan policy, the president replied with emphasis of course not.

**No Modifiers**

He added there is no thought of modifying that policy except in the minds of Bertie McCormick or Hearst, whom he called isolationists.

Robert R. McCormick is president and publisher of the Chicago Tribune. William Randolph Hearst heads a group of newspapers.

In reply to other questions, Mr. Truman said he has not considered renaming Dulles to the UN American delegation. Any question about what part Dulles will play in the future in the foreign field will have to be answered by Dulles himself, he said.

A reporter wanted to know whether Mr. Truman felt the Tuesday elections meant "another mandate" for him. The president replied that when the democrats campaign on a certain platform and win, they have the authority—call it mandate if you want—to carry out that platform.

## East St. Louis Man Takes 1st Day Off In 41 Years

New York, Nov. 10.—(AP)—Meet Carl Graulein, you clockwatchers. Graulein, 68, had his first full day off in 41 years today. He really did something about it by leaving on a plane for a two weeks vacation in Germany, all expenses paid by the Hill Brick company of East St. Louis, Ill. He will visit two sisters abroad.

Graulein likes his foreman job so much, he said, that he took only a half-day off in 1913 to get married and another half-day in 1945 when his wife died.

This is the Graulein philosophy: "My fun is work. It kept me busy and out of trouble. I don't fish or hunt, go to the movies or play ball. I never learned. I could have had time off but I feel responsible for my job 24 hours a day and 365 days a year."

He vows he won't worry about the old job while he's gone. It will be carried on by his son, Kenneth, 31. He said Kenneth is going to work only six days a week.

"Times have changed," he added. "I suppose the young people have more sense."

## New Big 3 Plan Hits Snag Before French Cabinet

Paris, Nov. 10.—(AP)—The western allies wrote a new plan for Germany tonight, but it promptly snagged on French cabinet objections.

The new plan is reported authoritatively to give Germany its freest hand since the war. It was whittled out and approved by U. S. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman in two days of secret meetings.

The foreign ministers of the three Benelux nations—Belgium, The Netherlands and Luxembourg—gave it quick approval, and Schuman took the plan to his cabinet. There, reliable sources said, Schuman was given "detailed instructions" which amount to a French counter-proposal.

Rejection by the French, always wary of an alliance with their historic enemy, could scuttle Big Three plans. It could even wreck Premier Georges Bidault's two weeks old government, veteran diplomats said, by the violence of the impact.

## Colombia Put Under Heavy Police Guard

Bogota, Colombia, Nov. 10.—(AP)—The conservative government clamped a heavy army and police guard on most of Colombia tonight and its own party called for a Nov. 27 election as scheduled.

The country, in the midst of a bloody presidential election campaign was under a state of siege—a modified form of martial law.

Conservative President Mariano Ospina Perez decreed the state of siege last night after the congress, controlled by the rival Liberal party, threatened to impeach him. The president's action suspended congressional proceedings.

Liberal party leaders, who asked their followers to boycott the Nov. 27 election, were in conference.

The conservative party called up on its members to proceed with plans for the Nov. 27 national election. Its statement appealed to all Colombians to maintain law and order, then took this slap at the Liberals:

"The violence against authorities and citizens now has found the necessary dike."

If the state of siege continues some difficulty may be experienced in holding the election at the regular time. Under a state of siege, political assemblies and similar activities are banned.

Congress has been suspended. The congressional building, presidential palace, banks, the railway station, City Hall and other public buildings in Bogota are cordoned by heavily armed troops. Reinforced police patrol the streets. The press is under strict censorship. Bogota is under a 9 p.m. to 4 a.m. curfew.

However, except for the presence of the guards, Bogota banks, business houses, schools, theaters and public utilities are functioning normally.

## Says Russ Using Atomic Energy

Washington, Nov. 10.—(AP)—The National Labor Relations Board today ordered a collective bargaining election at the Rockford, Ill., Drop Forge company.

Employees are to vote within 30 days on whether they wish to be represented by the International Die Sinkers conference, by the International Association of Machinists, or by neither.

## Harvest Returns Show Corn Yield Below Forecasts

Springfield, Ill., Nov. 10.—(AP)—Early November harvest returns show the Illinois corn yield outlook to be four bushels an acre less than seemed probable last month, the state-federal agricultural department reported today.

Total production of 514,000,000 bushels and 57 bushels an acre make this year's crop the second largest in record and 29 per cent larger than the 1938-47 average, the report added.

Soybean production of 80,800,000 bushels is a record high as is the yield of 26 bushels an acre. Some fields remain to be harvested in the extreme south but most of the crop has been combined.

## Prodigal Youth Goes To Jail For Unpaid Hotel Bill

Chicago, Nov. 10.—(AP)—A young man who said he squandered in nine months \$18,000 his foster father had given him got six months in jail today for defrauding a hotel of \$69.

Judge John Gutknecht sentenced William B. Payne, 23, in police court, and told him:

"It seems to me that more youngsters are ruined by too easy treatment by their parents, rather than by too severe treatment."

Payne said he was adopted at the age of two months by Frank E. Payne, Chicago Packinghouse executive, and "things were too easy."

When he got out of the army last December, he told the court, his foster father set up an \$18,000 trust fund for him.

The son said he spent the money for high living and couldn't break the habit. His \$18,000 was gone in nine months.

He also was convicted of defrauding two other Chicago hotels of \$99 and \$269 since Oct. 22, but sentence was deferred. He is accused of similar fraud against St. Louis and Milwaukee hotels.

## Friend Of U. S. Winning Election In Philippines

Manila, Nov. 10.—(AP)—President Elpidio Quirino slowly increased his lead in Tuesday's presidential election to more than 258,000 votes late tonight, but refrained from claiming victory.

Nor did his leading opponent, Jose P. Laurel, concede defeat. In fact, Eulogio Rodriguez, head of Laurel's Nacionalista party, issued a statement saying, "We will hope that, excluding illegal votes, our candidates will emerge victorious."

The unofficial tabulation at 11:30 p.m. was: Quirino, 1,384,516; Laurel, 1,125,627; and Jose Avelino, third-party candidate, 309,220.

With about 4,000,000 votes cast, this meant that about 1,200,000 remained to be accounted for, even unofficially.

The official count lagged far behind, with the percentages about the same but with less than half as many votes as the unofficial.

Vote-counting in the Philippines is traditionally slow.

An Associated Press survey showed that only seven of the country's 21 cities had completed their official returns and that 15 of the 50 provinces had sent in none.

There were as yet no reliable returns on results in the eight senatorial and 98 Houses of representatives races.

The government meanwhile was making an effort to tabulate official casualties as low as possible. The constabulary ruled that several election-day shootings were non-political and that the election-connected toll was only eight dead and nine wounded.

## Illinois News Briefs

Lowell, Ill., Nov. 10.—(AP)—Lloyd Sage, about 50, a sawmill employee, was killed by an automobile today on State Route 178 while he was walking to work.

The automobile was driven by Stanley Grubar of Waltham township. Grubar was not held.

Lowell is in LaSalle county.

Peoria, Ill., Nov. 10.—(AP)—A 76-year-old Packing House employee died today of burns suffered Sunday when he fell from a platform into a vat of hot grease. The victim was John McInroy, an employee of the McIlwain Packing company, where the accident occurred.

Chicago, Nov. 10.—(AP)—A coroner's jury decided yesterday that the death of Stanley Hakalski, 30, found beaten and shot last July 24, was "murder by person or persons unknown."

He was a brother of Joseph Hakalski, indicted along with three other men in the killing of two Brinks Express company guards in a holdup last summer at a South Chicago bank. They are scheduled for trial this month.

Jefferson City, Mo., Nov. 10.—(AP)—A crash just after he took off from the Jefferson City airport today wrecked the light plane of Halie Jones, former Sparta, Ill., tobacco salesman.

Jones suffered head and face cuts and lost a tooth.

He said he took the plane up for an early morning flight and apparently ran out of gasoline just after taking off.

Moline, Ill., Nov. 10.—(AP)—Deere and Company today announced its tractor factories at Waterloo and Dubuque, Iowa, will go on a three day week starting Monday. The company said this action will be necessary because of shortages of steel parts. The plants have been on a four day week. About 7,300 workers will be affected at Waterloo and 2,000 at Dubuque.

Chicago, Nov. 10.—(AP)—Employment and earnings of non-agricultural workers in Illinois climbed during the month of August.

Frank Annunzio, state labor director, said yesterday that employment rose from 851,000 in August to 3,069,000 in September, while earnings for the same period climbed 24 per cent in the Chicago area and 23 per cent downstate.

Most of the increased employment, Annunzio reported, was in manufacturing where weekly earnings averaged \$58.93 in September, compared with \$58.80 in August.

Sterling, Ill., Nov. 10.—(AP)—Four small children whose throats were slashed by their 35 year old mother last Sunday are recovering satisfactorily in a Sterling hospital.

Their mother, Mrs. James Moughan, was adjudged insane and was taken to a state mental hospital at East Moline after a hearing which was held within three hours after her husband found her hacking one of the children. She told Judge Walter Stevens she slashed the children with a kitchen butcher knife because "a Saint kept telling me to do it."

## U.S. OK's Export Of 40,000 Gallons Of Gas To Yugo

Washington, Nov. 10.—(AP)—The government today approved export of 40,000 barrels of aviation gasoline to Yugoslavia.

It was the latest in a number of U.S. actions to bolster Marshal Tito of Yugoslavia in his scrap with Russia's leaders.

The action was announced by the Commerce department, which issued licenses permitting the gasoline shipment.

The action was one of the "calculated risks" that the United States and Britain have agreed should be taken to strengthen Yugoslavia.

The State department announced November 3 that the government already had approved some shipments of aircraft gasoline and lubricants, and would consider Yugoslav requests for "reasonable" quantities of civil aircraft, aviation parts and equipment and used motors.

## Lewis Snubs Capital Coal Strike Meeting

### J. A. Krug Resigns As Secretary Of Interior

Washington, Nov. 10.—(AP)—Julius A. Krug announced his resignation today as secretary of the Interior amid signs that he and President Truman had fallen out.

Krug informed reporters that he was quitting about Dec. 1. A hall hour after this word was given to newsmen, Krug's letter of resignation was received by the president.

Although White House aides said the letter was couched in "friendly" terms, they indicated that the president was displeased because Krug had given the news out before notifying him.

Informed officials said they understood the president and Krug had not seen eye to eye on certain matters, including the method of obtaining congressional appropriations for big reclamation projects in the west. There were reports that the president had sent "rather sharp" letters to Krug in recent months, complaining that the secretary was bypassing the budget bureau and going directly to congressional committees.

Krug's successor generally is expected to be Oscar L. Chapman, undersecretary of the Interior for 13 years. The 52-year-old Chapman is one of the longest-serving men in the department. He is a Virginia native who came here from Denver.

Krug, now 41, and the youngest member of the cabinet, said simply: "I am leaving. I have been wanting to leave for a long time."

Charles G. Ross, presidential press secretary, disclosed that Krug's act was no surprise.

"The president has known for some time that Mr. Krug has been considering this step," Ross said. Krug is expected to re-enter private business.

## U.S. Steel, CIO Near Agreement

Lawyers Polish Up Insurance, Pension Program

Pittsburgh, Nov. 10.—(AP)—The great steel strike of 1949 tonight neared an end as United States Steel Corporation and the CIO United Steelworkers put together terms for a settlement.

Lawyers for union and company worked all day polishing up the pension and insurance agreement which may be signed tomorrow.

One source who can't be quoted by name said flatly:

"It's the Bethlehem agreement here. Confirmation from CIO."

No high officials of the union would confirm his statement. But observers pointed out that five other large steel producers found the Bethlehem steel company's formula good enough for them.

There were indications lawyers were struggling only with purely legal aspects of the agreement.

The union scheduled these important sessions for what may be a nation's most expensive steel strike:

1. The 35-man union negotiating team will convene at 8 a.m. (C.S.T.).

2. The full negotiating teams of significant Armistice Day in the both union and company are slated to meet at 9 a.m. (C.S.T.).

**Wage-Policy Group Enters**

3. The union's powerful wage-policy committee is called to a 2 p.m. (C.S.T.) session.

The union's bargaining team met this afternoon but was dismissed by David J. MacDonald, steelworker secretary-treasurer, who said:

"We simply released the committee until morning. The lawyers' conferences are continuing. We won't have an agreement until we get the committee's approval."

Union President Philip Murray paid a casual visit to newsmen waiting in an anteroom at union headquarters.

"There will be no announcement tonight," Murray declared.

## Announce Amounts States Can Obtain For Public Works

Washington, Nov. 10.—(AP)—The government tonight announced the amounts the states can get in federal funds for planning public works under a \$25,000,000 initial appropriation from congress.

New York state leads the list with an appropriation of \$1,828,934. Pennsylvania is second with \$1,343,328 and Illinois third with \$1,071,607.

The amount actually being appropriated now is \$18,657,471. The balance of \$5,392,529 was held in reserve for emergency use in areas which might have or might develop severe unemployment.

## Ching Fumes, Almost Gives Up Mediation

Washington, Nov. 10.—(AP)—A snub from John L. Lewis today delayed government efforts to end the soft coal dispute which led to the recent nationwide strike.

Federal Mediation Chief Cyrus S. Ching had asked both sides to a conference here this morning. Lewis failed to show up, sending instead a curt message that his representatives would be here Monday.

But Ching replied that he had other things to do Monday. The mild-mannered mediator, smarting from the rebuff, appeared at first about to check the deadlock to President Truman. Later, however, he said, he'd keep trying.

**Lewis Too Busy**

Lewis, who put his 380,000 striking coal diggers back to work today for three weeks, said through his office that his people were too busy getting the work resumed to enter negotiations set for today.

But that explanation did not come out until late in the morning. It was hours after the mediation service had been trying to get clarification of a typically curt Lewis message to Ching last night. It read:

"Ching, Department of Labor, Washington, D. C. Your wire. Mine workers representation will be your office 2:30 o'clock Monday."

"Lewis, Chicago, Illinois."

Lewis communicated through his headquarters here. Nobody knew where the miners' leader himself was. He appeared to have left Chicago.

In the twin major labor argument, a strike settlement between the U.S. Steel Corp. and the CIO United Steelworkers was approaching, it was indicated by the union.

An agreement with "Big Steel" probably would spell a quick windup of the steel industry shutdown. The union has been signing up other firms to new pension-insurance contracts.

**Will Know By Saturday**

Ching told reporters he would know by Saturday whether meetings would be called between Lewis and the operators. He said he had not recommended any action by President Truman to date.

The operators were standing by this morning for the conference with Lewis and Ching when the mediator disclosed that he had been trying to get straightened out on the blunt telegram from Lewis.

The conciliation service said the wire, bearing the Chicago signature, had actually been sent from the Washington office of the mine union. Lewis had been in Chicago this week with his 200-man policy committee. He was there yesterday when he suddenly cancelled the 52-day strike of his miners and ordered them back to work until midnight Nov. 30.

## Tractor Company Finds Way To Cope With Union Ways

Chicago, Nov. 10.—(AP)—A Tractor company executive said today his firm never was able to compete with its union in spreading information among employees until it installed a plant tape recorder.

George W. Torrence, labor relations manager of the Caterpillar Tractor company, Peoria, Ill., discussed the recorder before a conference on production of the American management association.

The tape recorder is connected with the company's inter-plant telephone system. By dialing a certain number, management representatives can tune in on a message being relayed by the recorder. The system has a capacity of 1,800 calls an hour.

"For the first time we found ourselves in a position to successfully compete with the union in the dissemination of information," he said in a prepared talk. "Prior to this time the union would handbill the plant but before we could prepare and distribute a reply they would handbill us again."

"Because of this we were always finding ourselves on the defensive and employees, as well as supervisors, were kept in a continual state of confusion. But now, with our management communicator, we are able to inform supervisors on labor matters as they happened. Supervision, in turn, was in a position to inform employees."

## Bolivian Believed He Was Cleared When He Hit Plane

Washington, Nov. 10.—(AP)—Erick Rios Brindos, Bolivia's top airman, believed he was cleared to the runway when his P-38 pursuit plane crashed into an Eastern Airlines DC-4 as both approached Washington airport for a landing on Nov. 1.

Rios' story, told to investigators from his hospital bed under oath, was read into the record today at a Civil Aeronautics Board hearing to find the cause of the crash that took 55 lives—highest toll in airplane history.

In summary, the 42 pages of questions and answers added up to this description of the Bolivian's fateful ten-minute flight:

Rios was somewhat concerned about the plane, but it checked all right before takeoff. After he got into the air, the right engine began acting up. However, he climbed west and then south to 3,500 feet, radioed the Washington tower that he had engine trouble and was ready to land.

Receiving no response, he circled the tower twice to attract attention. Then he was given instructions to come in second behind another plane on runway No. 3. He heard no other instructions, excepting the repeated phrase "clear to the left" which he said was addressed to no one in particular. The phrase is one commonly addressed to pilots on runways, to warn of a plane taxiing up from behind.

## KILLED IN COLLISION

Barrington, Ill., Nov. 10.—(AP)—Ovid M. Shelley, 49, of 4339 North Wolcott avenue, Chicago, was killed today in a collision of his automobile and a Chicago and North Western freight train. The crash occurred on highway 14 near Barrington, Ill.

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Thursday as follows: High, 80; low, 55; and at 6 p.m. 68.

**Forecast For Illinois**—Partly cloudy and continued mild today followed by showers by night. High 71 to 75.

**NOW IS THE TIME TO GIVE**

This is the annual time of giving in Jacksonville and Morgan county. Most citizens need only to be reminded of that fact to be ready with their contributions when the Community Chest representative calls at their door. More than 300 men and women are contributing time and efforts to make the campaign a success by raising \$45,000 needed to carry on the work of the various agencies. The preliminary details of the campaign have been completed, and general solicitation is in progress. Frequent report meetings will be held during the next ten days at which it is hoped the total will climb rapidly over the goal.

Community Chest campaigns are in progress throughout the country as other communities engage in fund-raising to support worth-while organizations and services. The country may not be perfect—it has many faults—but no one can say that failing to help those who need charity is one of them. Americans have always given with a full heart to any worthy cause, and in recent years they have been giving more freely than ever.

This year should be no different. Indeed, Americans may well see in their Community Chest drives all over the nation a symbol of the spirit of neighbor-helping-neighbor which sets off real democracy from other systems of government.

Our citizens may want to seize this chance to demonstrate that the urge to self-help, to local self-reliance, still is powerful in this country despite all the well publicized trends toward dependence on a big central government for their welfare.

So long as that spirit is kept alive, Americans are in no danger of succumbing to a way of life that finds all its basic answers in Washington. In a real democracy, the individual is the figure who counts. And if he is to develop to his fullest capacities, he must want to help himself and those who are nearest to him—his family, his friends, his fellow residents in his community. Without that resourcefulness, he becomes but a pale copy of the man he ought to be in a free land.

The tradition of self-reliance goes deep into American history. It dates from the time when pioneers helped each other build barns, farm houses and fences, joined in harvesting crops, banded together in emergencies of many kinds.

The Community Chest is the modern counterpart of community barn-raising. Americans today are not often asked to give their actual labor to aid their neighbors. But they are asked to contribute funds for the support of a number of welfare organizations and character-building agencies which the public has come to know as indispensable in community life.

**OUR HOME AND COMMUNITY OBLIGATIONS IN AMERICA**

(Editor's Note: This is the fifth of a series of articles by Jacksonville men and women in recognition of American Education Week.)

By MRS. ERNEST SAVAGE  
President of the Jacksonville P. T. A. Council

The training ground for all democratic life is family life. Within our families we must learn the meaning of love, unselfishness, cooperation, dignity, integrity, and justice. Family living is the most important of all of life's experiences. Our attitudes are learned at home. We must teach our children that each of us has a contribution to make to living, even though there are differences in the contributions each one makes. Families give us our ideals. We must create within our families ways of living that make it possible for each individual to be his real self.

The fact that families are different now does not mean that they are better or worse. According to the conditions in which we live, it is necessary to alter our institutions—the family, the church, the school, the way we earn our living, individual and families cannot remain the same even if they so desire. Quite normal today are children's actions once considered "unusually." In many respects, what husbands and wives think about each other differs from that of great grandfather's day. Homes have shrunk in size and families are smaller. Living in cities has brought new demands to families.

**Family Influence Essential**  
Just as it was with home manufacturing, so home teaching became uneconomical. The responsibility for the education of the children was assumed by the community. Modern methods of construction brought about modern school buildings. But the family still shares in the education of the children. Members of the family pay taxes, elect school boards, serve as members of their boards, belong to Parent-Teacher organizations. They help with homework, even though their methods are outdated according to their children. Parents watch report cards, consult occasionally with school authorities, and sometimes invite the teachers into the homes.

Schools today recognize the responsibility for teaching basic ideals, values and principles of living, are offering courses in homemaking, marriage, and family living. Those who want assistance in family problems are given counseling. Individual assistance as well as group experience is provided in the better schools.

But we must not assume that school training displaces family training.

The traditional family was closely knit because of emphasis on duty. The family of today is held together by affection and comradeship. The father cannot become an animated paycheck for the sake of his family. He is the "natural" as companion and confidant. The ideals toward which his children may point their lives are furnished by the father. He shares a very real responsibility in the development of young personalities.

In the enterprise of family living, today, the mother is a partner. She may share in earning, too. The emotional state of the household is set by the mother in her attitude toward her children and her husband. A mother's behavior is an ever present example. She must serve as companion and confidante.

**Parent-Children Relationship**  
The point of view of both the man and woman offers the child that on which he needs to grow. Mothers and fathers jointly contribute in helping to shape the attitudes, ideals, and values of their children. Parents need to develop within the child an understanding of his role and how to portray it effectively. Only when each member of the family group assumes his share of responsibility can there be genuine friendliness and companionship between parents and children. If they are worthy, parents are the ideals. Children will take their problems to their parents if they learn at home.

MRS. ERNEST SAVAGE

respect them. Though the majority of our families today live in cities, many communities have not developed all the services necessary to insure good family living. The housing shortage is one of the greatest threats to family life today. Our high delinquency rate and the increase in divorces are results of this shortage. Without adequate living space, happy family living cannot be expected. Only with at least minimum standards of safety, cleanliness, and adequacy of space can we encourage democratic family living. Mentally healthy people can get run out of whatever they are doing. It is very important that parents are mentally healthy, because the happiness and welfare of their children depend to a great extent on this.

Communities are only families living together in a closely united area. Each individual shares in the kind of community he wants. The many services necessary for good living are less expensive and more readily available if we combine to get them. For this reason, we take part in political life and pay taxes. The community thus provides law and order, fire and police protection, safety patrols for school children, sanitation, safe water supply, utilities, public health services. If the community is a growing one, there will be plenty of job opportunities. An individual's ability to earn an adequate living depends upon the prosperity of his community or region. In addition to furnishing housing, schools, churches, and hospitals, the lack of play space at home has made it necessary for the community to provide such facilities as picnic grounds, swimming pools, golf courses, camping places, skating rinks, recreation centers and playgrounds, along with trained leaders.

**Volunteer Agencies**  
Volunteer community agencies provide assistance for those families in distress. These agencies are supported wholly by contributions and are often members of the local community chest. Civic clubs and the chamber of commerce promote better business. Women's clubs emphasize education and community action. Parent teacher organizations encourage interest in the improvement and welfare of the schools. The churches, with their well organized groups, emphasize the need for faith and service. Family counseling assistance is provided in many churches. Our elected governing bodies demand well informed, intelligent citizens. Parents who are "back-sliders" in the community are examples of careless citizenship. The companionship between parents and children is that much less effective because of their indifference. In the end, the community we practice what we problems to their parents if they learn at home.

**Scouts, Parents To Attend Annual Pot Luck Dinner**

Honest Abe district, Boy Scout of America, will hold its annual pot luck dinner Tuesday evening, Nov. 15, at the Illinois School for the Blind. A large attendance of Scout leaders, parents, friends, boy and cub scouts is expected to be present. Harlan Williamson, Jr., is chairman of the annual meeting committee.

A highlight program will be the view of activities in 1949 in which scouts of the Honest Abe District have participated, the election of new officers for the next year and a resume of the coming events in Scouting by the Scout Executive of the Abraham Lincoln Council, William E. Hoffmann.

The annual meeting of the Honest Abe District is characterized by a family pot luck dinner which in the past has drawn unusually large crowds. Scout Troops and Cub packs will decorate the table used by their groups.

Edward D. Bergery, district chairman, will be the presiding officer. The nominating committee report will be presented by W. O. Randall, chairman of the nominating committee.

Scoutmasters and scouters from all parts of the district are expected to be in attendance. Friends of Scouting are cordially invited.

The Scout unit with the largest group participating in the meeting will be awarded with an attendance plaque.

Scouting in Morgan County is supported by the Morgan County Community Chest.

**Man Alleged To Have Slain Local Resident Freed**

Circuit Judge DeWitt S. Crow in Sangamon county circuit court Wednesday approved a motion to quash the indictment of murder against Theodore Draper, 24, of 335 N. Fifteenth St., on grounds that Draper's rights were "unduly prejudiced" before the grand jury which indicted him. Draper was charged with the butcher knife slaying of Leon Wiley, of Jacksonville, which occurred Aug. 23 at the Dudley hotel.

Draper was ordered released from the Sangamon county jail where he had been detained since Aug. 24. Judge Crow, in the court minutes, said the allowance to quash the indictment was based on the fact that the grand jury was influenced by the action of the assistant state's attorney (Howarth) and not on any technicalities in drawing the indictment.

At a hearing of the motion Monday, Howarth testified that he had asked the grand jury if it desired to reconsider the case after it had previously returned a no true bill. The grand jury did decide to reconsider the case and as a result an indictment of murder was returned.

The oldest school of record in America was a monastery school founded in Salzburg in 745.

### Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### Morgan County Taverns Form An Association

The formation of the Morgan County Tavern association has been announced by its newly-elected president, Lawrence Quinlan. At its initial meeting the Morgan county association took steps towards becoming a chapter of the Illinois State Liquor Retailers' association. Tavern men said the local association has been formed for the betterment of the tavern business in the county and for better control of the city, county and state ordinances regarding the sale of alcoholic beverages.

Other officers elected were Reginald Saner, vice president; Wilbur Kurtz, secretary; and Frank Putnick, treasurer. The following platform was proposed and passed upon by members of the new organization: Insistence that all members of the association adhere to the city, county and state liquor ordinances regarding the sale of alcoholic beverages to minors; discouragement of undesirables who try to purchase alcoholic beverages; and to engage as an organized body in all civic work and to cooperate fully at all times with other organizations.

### Consider Card System

The board of directors, which will pass upon all important matters brought before them, stated that the first major project which they will undertake will be requesting city and county officials to devise a card system providing the ages of young people who attempt to purchase alcoholic beverages while still minors. They believe that an adequate card system would go far in eliminating the problem of minors obtaining liquor under false statements regarding their age.

The members of the board of directors are Lawrence Quinlan, Reginald Saner, Wilbur Kurtz, Frank Putnick, George Wallis, Roy Dyer and Howard Davidson.

An invitation has been extended to all tavern owners in Morgan county to attend the meetings, which will be held on the first Monday of each month, as it is the desire of the association that it be 100% representative.

### Dr. T. K. Jones To Indiana Position

Dr. and Mrs. Thomas K. Jones arrived in this city Thursday from Jackson, Miss., to spend a few days with her parents, Mr. and Mrs. W. D. Doying, before taking up residence at Indianapolis, Ind. Dr. Jones has been transferred from Mississippi to Indiana as inspector in charge of the U. S. Bureau of Animal Husbandry. He spent the past two years as inspector in Mississippi.

### Armistice Day Will Be Celebrated With Parade And Program

Patriotic and civic organizations of Jacksonville will parade Friday morning in tribute to the memory of the nation's war dead. The Armistice Day parade will form at 10:30 a. m. at West State and Church streets, and will move to the public square at 11 a. m., where a program will be given in Central park.

Dr. Arthur F. Ewert of Westminster Presbyterian church, chaplain of Jacksonville Post 279, American Legion, will deliver the annual Armistice Day message. Commander William C. Cochran of the Legion post will preside as chairman.

The invocation will be offered by Rev. Leslie Houston of Central Christian church. Group singing will be led by Mrs. Cecile Manning.

**Vets Plan Open House**  
The American Legion will hold open house all day at its home, following the parade and program.

Turkey sandwiches will be served. Fred R. Bailey and Glenn Spencer are co-chairmen of the parade committee. Each marching section will be in charge of marshals.

Veterans organizations which will participate include the Spanish War veterans, Veterans of Foreign Wars, Jacksonville Post 279, and Moss Walton posts of the American Legion, Forty and Eight, Amvets, Marine Corps and Navy Club.

The Jacksonville National Guard company of about 60 men will march in the parade.

**Formation Of Parade**  
Parade officials have announced the following formation of the parade:

Section 1, forming on the north side of State street at Church street.—American flag, Grotto band, massed colors of all organizations, National Guard company, all veterans of all wars, Forty and Eight engine, Darrell Berline, marshal.

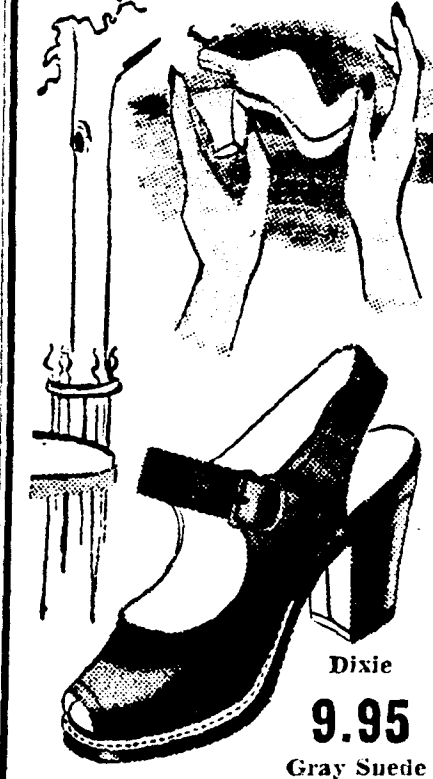

Section 2, forming on north side of State street at Fayette street.—All veterans' auxiliaries, massed colors, Daughters of American Revolution, Woman's Relief Corps, Daughters of 1812, Edward Gallagher Circle, Ladies of G.A.R., American War Dads, Gene Young and George Ash by marshals.

Section 3—Jacksonville High school band, Red Cross, cadet nurses from Passavant, Our Saviour's and Jacksonville State hospitals; Boy Scouts and Girl Scouts, forming on south side of State street at Church street. George Vasconcellos, marshal.

Section 4—Decorated cars, floats and other vehicles, forming on south side of State street at Fayette street.

### New Packages Can Now Be Sent Through CARE

Several new packages can now be sent through CARE to Europe and other foreign countries where people are desperately in need of food and clothing, according to information received by the Morgan County Red Cross office, which will assist persons desiring to place orders.

CARE packages can be sent to Austria, Belgium, Czechoslovakia, Finland, France, Greece, Italy, Japan, Okinawa, Korea, Netherlands, Norway, Poland, England, Scotland, Wales, Northern Ireland and the U. S. British and French Zones of Berlin, Germany, Israel and the Philippine Islands can also receive many of the packages.

With the assistance of the E. C. A. subsidy covering ocean freight, CARE is now beginning the task of bringing war-wrecked libraries up to date in industrial and scientific techniques. Individuals or groups many contribute funds for this program in any amount.

### Dr. Belinson On Chicago Program

Dr. Louis Belinson, superintendent of the Jacksonville State hospital, delivered the keynote address Thursday morning at a workshop for qualified psychological examiners at the Hotel Stevens in Chicago. His subject was "The Present Status of Differential Diagnosis of Mental Deficiency."

The sessions will continue Friday and Saturday with addresses by leading mental experts from numerous hospitals and universities.

**Neighbors Shuck 40 Acres Of Corn For Ashland Man**

Ashland—A large group of farmers and neighbors shucked 40 acres of corn on the farm of Lee "Cobby" Harris, who is a patient at Memorial hospital, Springfield.

Harris was accidentally struck on the back of the head by a barn door slamming shut and was thrown to the floor. He sustained two broken ribs and a concussion of the brain. Those helping to shuck corn were John Reiser Jr., R. P. Mau, Jr., Ed. Mahoney, Eugene Lange, Buddy Clark, Walter Brown, Eliza Miller, William R. Wallbaum, Norbert Roth, Rev. Len Paul, Louis Morrow, Homer Butler, E. J. Mau, Paul Sandridge, L. A. Stevens, Henschel Reiser, J. T. Adkins, R. E. Newton, Joe Spitznagel, Leonard Sanders, John Bradshaw, Donald Hoagland, Ivan Page, Elliott Johnson, James B. Collins, Jesse VanCleve, Frank Dalton, Haden Coffey, Fred Hoagland, Harold Hoagland, George Sudeth and Harry Bradshaw.

A potluck dinner was served at the noon hour, with the following ladies assisting: Mrs. Kitty Sinclair, Mrs. Louise Roth, Mrs. Stella Adkins, Mrs. Ethel Christen, Mrs. Pearl Mau, Mrs. Kitty Butler, Mrs. Hannah Collins, Mrs. Dorothy Sudeth, Mrs. Jessie Allen, Mrs. Bertha Holmes, Mrs. Fred Hoagland, Mrs. Florence Carlson, Mrs. Gladys Creed and Mrs. Colleen Morrow.

Eight corncripers were in operation. Pictures were taken by Rev. Len Paul.

**"HOT, DRY RUN" FOR JET "SCRAM SEAT"**—Zoom! To the top of a 105-foot tower in two seconds shoots Marine Sgt. Thomas W. Watson of Farmville, Va. At the Philadelphia Naval Base, Watson was testing a skyrocket device which duplicates the "ride" of a jet pilot when he uses an automatic ejection seat to free himself from a crippled plane. The high speed of the seat started it smoking at 40 feet, right, but the sergeant was unhurt. The skyrocket trainer will be used to teach pilots what to expect when they spring out of a crippled jet and parachute to earth.

**ISRAELI TOWN IS ARTISTS' COLONY**  
Safed in Upper Galilee—(P)—This medieval town of Biblical learning is to become an art center in Israel. Several leading Jewish painters left noisy Tel Aviv to settle in this little mountain town northwest of Tiberias and the Sea of Galilee. It is the rocky area where, according to an old Jewish legend, the Messiah will descend from heaven. The painters say the whole atmosphere of the Sated tradition, the unique beauty of the landscape and the lightness of the air constantly inspires them.

Leading U.S. Producers of pumice and pumice are California, New Mexico, Oregon and Idaho.

**Student Aid Is Effective**

New Brunswick, N. J.—(P)—Money aid to students who do not have to pay back loans has been tried by Rutgers University. Most students do pay back the money and effective aid is given, a report on the project says.

The aid is given students who need small sums—\$25 to \$50—to stay in school. Such a loan often can fix money troubles and put the student at ease. There is no interest and no time limit on repayment. He is not compelled to pay it back. Sometimes years pass before payment. But very few loans are not repaid, Rutgers says.

**DUCKS HAVE ICING TROUBLE**  
Lewistown, Mont.—(P)—Several ducks recently crash-landed on Main street, their wings thick with ice.

The townspeople took the ducks into their homes, thawed out their wings and released them. When last seen the birds were headed south—fast.

**How To Relieve Bronchitis**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**TOGETHER 53 YEARS**

MR. AND MRS. WILLIAM JOHNSON

Fifty-three years of wedded life were observed on Oct. 30 by Mr. and Mrs. William Johnson of Chapin. The occasion was marked with a family dinner at their home, which was profusely decorated throughout with fall flowers. The couple received numerous gifts.

The Johnsons are the parents of three children, Mrs. Blanche Thorneycroft of Jacksonville, Mrs. Geraldine Albers of Bluffs and Melvin Johnson of Chapin.

They have spent their entire married life in Chapin.

Present at the anniversary dinner were Mr. and Mrs. H. H. Albers and daughters, Karrie Lou and Judy, and Kenneth Hutton of Bluffs; Mr. and Mrs. Melvin Johnson and Mr. and Mrs. Gordon Johnson and Gwen of Chapin; Mr. and Mrs. J. W. Thorneycroft and Bruce McNeil of Jacksonville.

**Speakers From Orient  
Featured At Banquet**

Members of various faiths represented in Jacksonville convened at Centenary Methodist church at 6 p. m. Wednesday for a dinner and program sponsored by the world service committee. The 150 guests were led in prayer by Rev. McKendree M. Blair, former pastor of the church, now a professor of religion at MacMurray college.

After the dinner, prepared and served by the women of the congregation, Rev. John Collins, pastor, resumed his role as master of ceremonies and introduced the two speakers for the evening, Miss Sarojini Macwan of India and Chester Jung of Kinkiang, Kiangsi, China, who were here under the auspices of the world service committee. The topic of the evening was "The Work of Christianity in India and China."

India and China are lands of contrasts, both in topography and in their peoples, asserted the speakers. There are different provinces, different dialects, different castes, dress, governments and religions, yet with all these contrasts and extremes the people carry on the same types of occupations as here in America, in-

sofar as resources and talent dictate.

**Christianity Gains Foothold**

After centuries of darkness and confusion, Christianity found a foothold among the Oriental beliefs in Mohammedism, Buddhism, Confucianism and the many other sects which have existed among these people. Now through Christianity, which has caused the suffering and sacrifice and even lives of missionaries and national leaders as well, these countries are coming out of the darkness.

Schools for all ages have been established, beginning with the primary grades and carrying through colleges and universities of specialization as here in this country. Hospitals and trained nurses and doctors are there.

The churches of Christianity have brought about these changes by uniting these divided peoples and showing them that a country cannot progress unless it is educated to Christian beliefs and modern ways of thinking for the good of all the people, not the privileged few.

**Shows in the Heart**

Christianity has and always will take time. It shows not only in figures and material objects, but essentially in the heart of man. Miss Macwan and Mr. Jung both stated that the greatest contribution Christianity has made in India and China is the rise in the standard of the women, placing them alongside with men, where once they were but slaves. One hundred years ago, girls were despised at birth; now they attend schools, long forbidden them, are working, and have been recognized as a vital part of their country. Without Christianity this condition would not exist.

China and India still need missionaries, in schools, churches and hospitals. Mr. Jung asked that those here in the land of plenty, remember the Chinese in prayer, and help them especially at this time by giving them the courage needed to face the world today.

Articles on Hindi handiwork were on display after the meeting, commemorating National Holy Day, was closed by Dr. Victor Roberts, district superintendent of the Jacksonville Methodist churches, who gave the dismissal prayer.

**One application  
MAKES FALSE TEETH FIT  
for the life of your plates**

If your plates are loose and slip or hurt, refit them for instant, permanent comfort with soft Brimms Plasti-Liner strips. Lay strip on upper or lower plate... bite and it molds perfectly. Hardens for lasting fit and comfort. Even on old rubber plates, Brimms Plasti-Liner gives good results from six months to a year or longer. Ends forever mess and bother of temporary applications that last a few hours or days. Stops slipping, rocking plates and sore gums. Eat anything. Talk freely. Enjoy the comfort thousands of people all over the country now get with Brimms Plasti-Liner.

easy to Re-fit or Tighten False Teeth Permanently. Tasteless, odorless, harmless to you and your plates. Can be removed as per directions. Users say: "Now I can eat anything." Money back guarantee. \$1.25 for liner for one plate; \$2.25 for both plates. At your drug store.

# Illinois College In 1949 Football Wind Up Saturday

## Ohio State Picked To Beat Illini; Big Three Also Favored

New York, Nov. 10.—(P)—Let's take another stab at the weekly football forecast. Despite last Saturday's upsets, we're holding our own with an average of 79 on 251 correct guesses and 102 misses. The Associated Press rankings of the better teams are in parentheses:

Notre Dame (1) vs. North Carolina.—This doesn't look to be quite the titanic struggle it was cracked up to be when the match was made, but some 67,000 customers will fill Yankee Stadium to see it. And not one

### AT WESTERN

Eddie Jackson who, wearing Chambersburg colors sparked his Red Raider quintet in its drive up to the Pittsfield sectional tournament last year, is playing his cage talents at Western Teachers College in Macomb, Ill., this season.

The six-foot-two-inch Jackson is a standout freshman performer in pre-schedule workouts at Macomb and is expected to shine when the frosh quintet gets its card underway.

### CHICAGO LIVESTOCK MARKET REPORT

Chicago, Nov. 10.—(P)—Hogs slipped another 25 to 50 cents today to their lowest point since June, 1946, when price controls held the ceiling at \$14.65, compared with a top on the current run of \$16.20. Cattle were unevenly 50 cents higher to 25 cents lower and sheep were generally steady.

Barrows and gilts brought \$16 to \$16.10 for the most part on good and choice weights from 180 to 300 pounds. Sows took \$14.75 to \$15.50, mostly, a few heavies going to \$13.50. Clearance was completed early.

Good fed steers and yearlings sold from \$27.50 to \$32.50 and two loads grading choice made \$37. Medium heifers ranged from \$21.50 to \$25 with better grades absent. Sausage bulls showed the market's only weakness, selling at \$17 to \$18.50. Vealers topped at \$30.

Good and choice lambs brought \$23 to \$23.50, the top, while ewes topped at \$12.50.

Receipts included an estimated 12,000 hogs, 3,000 cattle, 400 calves, and 1,500 sheep.

### New York Stock Market

New York, Nov. 10.—(P)—Price lines were thoroughly tangled in the Stock Market today.

The general tendency seemed to be downward but enough buying interest developed in selected issues to prevent a decisive decline.

Most price changes were fractional. In a few cases they amounted to around 2 points of more. Turnover hit a rate approaching 1,200,000 shares for the full session.

The corporate bond traced an erratic price pattern.

### East St. Louis Livestock

National Stockyards, Ill., Nov. 10.—(P)—(USA)—Hogs 8,500; barrows and gilts 15 to mostly 25 higher than Wednesday's average; bulk good and choice 170-270 lbs 16.50-75; top 16.75; occasional lots 280-325 lbs 16.00-25; good and choice 140-160 lbs 15.65-16.25; late trade slower than early; sows steady to 25 higher; weights 400 lbs down mostly 15.25-16.00; heavier sows 14.25-15.00; stags 11.50-13.50; boars 7.00-10.00.

Cattle 1,800; calves 900; few good steers steady at 26.00; odd lots medium and good heifers and mixed yearlings steady at 19.00-25.00; cows opened steady with few good cows 15.50-17.00; common and cullers 13.50-15.00; canners and cutters 10.00-13.50; bulls 25 lower; early top 18.00, on good sausage bulls; medium and good 16.50-18.00; cutter and common 13.00-16.00; vealers steady; good and choice 27.00-35.00; common and medium 17.00-26.00.

Sheep 1,200; market generally steady; good and choice wooled lambs largely 22.50-23.50; top 23.50 to butchers and shippers; nothing over 23.00 to few packers; moderate sprinkling medium and good wooled lambs 21.00-22.00; throwouts largely 15.00-17.00; occasionally 18.00; deck wool and choice shorn lambs held at 22.75; slaughter ewes mostly 6.00-9.50; cull ewes down to 5.00.

## Largest Squad In Meredosia History Out For Basketball

Meredosia—Twenty-five athletes, the largest squad in Meredosia's history, reported to coach Gerald Jones for initial basketball workouts in preparation for the Indians opener against Bluffs Nov. 22.

Jones, who assisted Howard Savole at Dosh last year, has been handed the reins in basketball this season. Savole handles football and baseball duties. The lanky Jones is a recent graduate of the University of Illinois.

With only two lettermen gone from last year's quintet which won 11 and lost 10 games, Jones has promise of an above-average outfit. The coach, when viewing the situation, exclaims: "This year's squad will be small but scrappy. We have no boys over six feet tall, and our lack of size will have to be made up in fight."

Three regulars from last year's bunch form the nucleus for the Indian basketballers. They are Joe Newman, Don Allen and Daryle Nortrup. Younger boys who are fighting for first team berths are Dick Simon, Ted Dickman, Harold Surraff, Bud Hyatt, Tony Simon, Daryle Tegeder, Wayne Tegeder, Jr., Layton Yeakel, Wayne Dickman, and Marion Perry.

Members of the P.M.B.C. conference, Meredosia will play in that tournament, plus the Virginia meet.

**The Schedule:**  
Nov. 22—Bluffs  
Nov. 25—At Camp Point  
Dec. 2—At Bluffs  
Dec. 3—Franklin  
Dec. 6—Mt. Sterling  
Dec. 9—At Perry  
Dec. 10—Griggsville  
Dec. 13—Chapin  
Dec. 16—At Milton  
Dec. 20—At Roodhouse  
Jan. 3—Virginia Tournament  
Jan. 6—At Roubt (Jacksonville)  
Jan. 10—Liberty  
Jan. 13—Open  
Jan. 17—Arenville  
Jan. 20—At Chambersburg  
Jan. 24—At PMBC Tournament (ISD)  
Jan. 31—At Arenville  
Feb. 3—S. I. D.  
Feb. 7—Camp Point  
Feb. 10—Chambersburg  
Feb. 14—At Chapin  
Feb. 17—Chandlerville

## Boxers Arrested For Preparing To Engage In Fight

Cincinnati, Nov. 10.—(P)—Wallace (Bud) Smith, 20, local lightweight boxer, and Tommy Campbell, 27, Rock Island, Ill., were arrested today on charges that they are preparing to engage in a prize fight.

Police court judge released Smith on his own recognizance, while the \$100 bail fixed for Campbell was posted by Harry Hartman, promoter of a 10-round contest scheduled between the two men next Monday night.

The warrants for the boxers' arrest were prepared by municipal prosecutor Robert Paul and Don Burkholder, his assistant, on affidavits submitted by John W. Driskill, an attorney.

Driskill, who was described as being a former executive secretary of the National Boxing Commission, said the pugilists were violating the state law against fighting.

Smith was taken into custody at his home, while Campbell was arrested at the Yokum club, where he was training for the bout.

"In 38 years' connection with boxing, I never say anything as farcial as this," said Sam Buxbaum, trainer of the Rock Island box.

### WINTER DRESSES

Taffeta, faille, wools, gabardine. Newest styles and colors. Dramatically reduced for Sat. & Monday.

**GIFT NOOK**  
South Side Square

## END COLLEGE GRID CAREERS

**DON LONGER**  
Captain Don Longer of Danville and last year's co-captains, Jim and Sam Spink of Jacksonville, will be playing their last game of college football Saturday afternoon when the Illinois College Blueboys tangle with Augustana on the JHS turf. Longer has been a mainstay at end for three years and the Spink twins have brilliantly plugged the two tackle spots since 1946. This trio represents the only seniors on Al Miller's Hilltop squad.

## Count Huge Returns As All-Star Balloting Ends; Winners Sunday

By The Journal-Courier Sports Editor

More than 500 votes poured into the Journal-Courier All-Star football poll yesterday as the ballot appeared for the last time.

Because of the Armistice Day respite we were unable to count more than 100 of the votes and the tabulations shown here are by no means complete. Ballots are expected to arrive by mail up until this evening or Saturday morning, that will be under the midnight Thursday deadline.

The first and second team choices will be announced in Sunday morning's Journal. These tabulations are the last word until the winners are published.

**Close Race**  
Closest race, according to the incomplete tabulations, is at left end where Dick Casler of Roubt and Daryle Nortrup of Meredosia finished in a dead heat with 120 votes when we finished counting early last night.

Franklin gridders continued their upsurge in the polling, threatening Roubt players in every position. Jim Flynn, Roubt center, has the safest lead of any grider, although Franklin's Bernard Newingham took a big bite out of the advantage with yesterday afternoon's returns.

Bill Rawlings, Franklin halfback, slipped up behind Sonny Loneragan, coming through with 122 votes. Loneragan still leads the halfbacks with 157 votes. Bill Kaufmann maintained a narrow edge over Meredosia's Daryle Tegeder at the other end and A. J. Spreen, also of Roubt, stayed on top at quarterback though he was threatened by Norman McQueen of Franklin.

## Yanks Give Little People Chance To See World Series

New York, Nov. 10.—(P)—The next time the New York Yankees play in a world series, some 20,000 "little fellows" will find themselves sitting right up there in choice seats alongside the wealthy and the influential.

The world champions announce with justifiable pride the formation of a "Gus H. Fan Club," the first of its kind, whose 10,000 members each will be guaranteed the privilege of buying two good chairs for all world series games at Yankee stadium.

There is only one gimmick. Each fan who is tapped for the "Gus H." club must purchase a \$25 booklet of general admission tickets before the season opens. When world series tickets go on sale, a member of the fraternity will need only to flash his tattered booklet or emblem, to get fast action.

This is not, to be sure, quite what the regular fans had in mind when they raised such a howl about having been shut out at the recent Yankee-Dodger play-off. They reasoned that a fistful of rainchecks, saved over the season, should be sufficient to give a man preferential treatment.

But the Yankees say they have thought it out, and that "the new club is believed to be the only manner in which this goal can be realized."

The booklets are on sale now, in time to catch the Christmas trade. When and if the last is disposed of, the Yankees will have a \$250,000 advance sale of general admission tickets in the treasury.

It would not be surprising, baseball men felt, to see other big league clubs adopt the plan.

The annual payroll of the American oil industry is estimated at \$5,600,000,000.

### Incomplete Tabulations

**Left End**  
Daryle Nortrup, Meredosia, 120.  
Dick Casler, Roubt, 120.  
Bob Hocking, Franklin, 74.  
Richard Taylor, Chandlerville, 13.  
Jack Hansmeier, Arenzville, 2.  
Eddie Flanagan, Roubt, 2.

**Centers**  
Jim Flynn, Roubt, 173.  
Bernard Newingham, Franklin, 103.  
Stanley Walker, Meredosia, 74.  
Homer Hunt, Chandlerville, 16.  
Richard Ruppel, Arenzville, 6.  
"Tubby" Towers, Roubt, 3.

**Right End**  
Bill Kaufmann, Roubt, 126.  
Daryle Tegeder, Meredosia, 109.  
George Cline, Franklin, 96.  
Frank Blair, Chandlerville, 11.  
Dan Whalen, Roubt, 8.  
Richard Lovekamp, Arenzville, 4.

**Quarterback**  
A. J. Spreen, Roubt, 137.  
Norman McQueen, Franklin, 101.

## BOWLING FOR EVERYBODY

Technical Experts: NED DAY and MILTON RAYMER, in cooperation with the National Bowling Council

### NO. 9—INTRODUCTION TO COMPLETE FOUR-STEP DELIVERY

After you have mastered the push-and-swing delivery, described in the last lesson, you're ready for the full approach delivery. This four-motion picture shows the complete movement for the four-step delivery—the footwork, swing and follow through timed in a smooth rhythmic movement. Time and rhythm are important in bowling and the basic factor of timing is footwork. Every thing is coordinated with the movement of your feet on the approach.

In the next lesson we will describe footwork practice that can be accomplished without the ball.

(For a complete set of 3 handbooks on bowling fundamentals, send 25 cents to "Bowling", care of this newspaper.)

## Entertain Augustana On JHS Turf In Top Little Nine Tussle

Though a trio of seniors, gracing the gridiron in Blueboy colors for the last time, will bolster Illinois College's forward wall on both defense and offense when the locals play host to Augustana's vaunted Vikings on the J.H.S. grass Saturday afternoon, the Hilltop offensive attack will center around a pint-sized freshman speedster.

Blond Ray Watts, who hails from Westville, came to the Illinois College campus a comparative unknown early this fall. He was assigned a starting right half berth in the Blueboy opener against Millikin but failed to come through as expected, and was used spasmodically for the next two games.

**Goes Against Eureka**  
Against Eureka, Watts finally found himself. The fast-stepping youngster sprinted for three touchdowns, accumulating a vast amount of yardage in the process and led the Blueboys to a 47-13 win. One of his scores came on a 100-yard kickoff runback.

He has been performing similarly ever since until a knee injury sidelined him for the Wabash mix last week. Watts sat on the bench at Indiana and watched the Hilltoppers take a 28-12 set-back that lowered their seasons record to four wins, two losses and one tie. Dr. Chet Bone, the team physician, announced early this week that he will be ready to go against the Vikings Saturday.

The overall physical picture for the local collegians looks good, confided coach Al Miller yesterday. J. DeLaPaz, who suffered a shoulder sprain last Saturday, is expected to be in top shape as are other backfield worthies Bob Grove, Bill Gross, Don Smith, Dave Billings and Bob Scheller, who have been ailing.

### Forward Wall In Top Shape

The Blueboy forward wall, bolstered by the three seniors—Captain and End Don Longer and tackles Jim and Sam Spink—is in better health than ever before. George Florence, rugged colored guard, is back in shape. Bill Mathews, the other guard, and Ralph Christion, lanky right end, have proved to be the most durable of all Blueboy linemen this season and their presence is taken for granted.

The Augustana huskies boast Little Nine conference wins over Wesleyan, Lake Forest, North Central and Carthage. They share the league lead with Wheaton while Illinois College currently rests in fourth place. The Blueboys stand

### FIRST LARGE SCREEN TELEVISION 2 YEARS AGO

Schenectady, N. Y.—(P)—What is regarded as the first demonstration of large screen theater television was presented here two decades ago.

The system used, a projector with a motor-driven scanning disc, was developed by Dr. E. F. W. Alexanderson. In the test, an orchestra in the theater was directed by the enlarged image on the screen of the conductor who was in the studio some distance away.

The screen was seven feet high. Since then theater projection has advanced to the point where the pictures are movie screen size.

**The 1950 Nash is a leader in cars because it is the first and the only car that had a big price reduction.**

**NOW Nash Offer Another Big PRICE SLASH**

**New complete motors were \$268.00 now \$130.00 which includes a brand new carburetor.**

Fits all cars 41 through 49

**Can you buy a used car, other than Nash, that enables you to get new car performance so cheaply.**

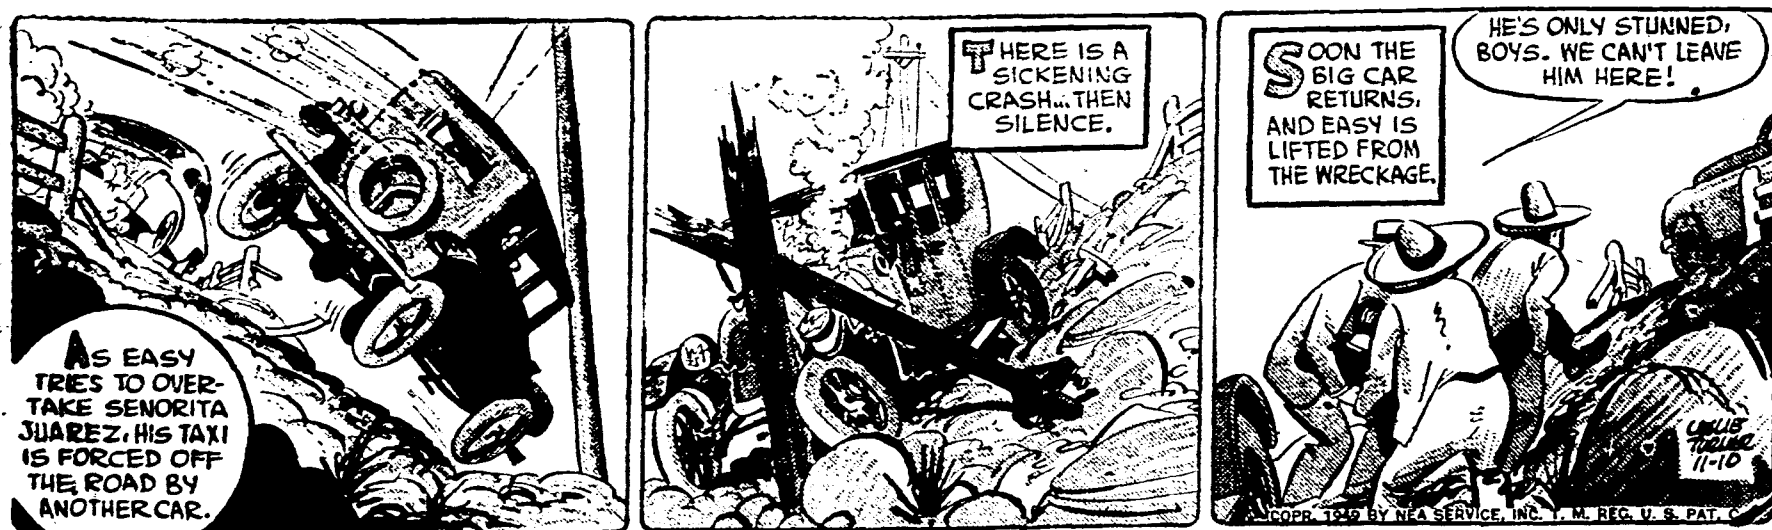

**Also—don't forget this is the motor that gives you 25 miles per gallon.**

**Jacksonville Motors**

## Early Gifts To Chest Reported By Divisions

Divisions of the Community Chest Campaign are active on all fronts up to the report last night of \$11,186, or one-fourth of the 1950 budget. Various sections of the campaign are making every effort to go well past the 50% mark at the next report, meeting Monday noon, Nov. 14, at 12:15.

Workers in all divisions are checking in their particular spheres of activity so that all citizens of Morgan county will be given an opportunity to support their Community Chest.

## Mrs. Paul Kelly Of South Bend To Inspect Sorority

Mrs. Paul L. Kelly of South Bend, Ind., national treasurer of Delta Theta Tau sorority, will arrive in Jacksonville early Tuesday afternoon for the biennial inspection of the local group. Final arrangements for her visit were completed at the regular meeting of Delta Nu chapter, held at the Dunlap hotel Monday with Almyra Jackson, president, in charge.

Lucille Chandler, chairman, announced that a formal dinner will be held at the Dunlap hotel Tuesday at 6:30 p.m. after which there will be a model meeting and initiation of new members.

Mrs. William Doyle will represent the local chapter at the province convention to be held at the St. Nicholas hotel in Springfield on Nov. 19 and 20. A large group of members are planning to attend all or a portion of this convention.

Following the meeting, pledge service was conducted by Almyra Jackson, Mildred Heath and Helen Little for Elizabeth Dowland, Violet Auwater, Marian Thomson, Elizabeth Irtzbach, Marietta Vasconcellos and Agnes Moriarty.

Refreshments were served and a social hour followed.

## To Show Alexander Steer At Chicago Livestock Exhibit

Chicago—Darrell L. Smith, Alexander, will show an Angus calf in the junior livestock judging contest of the coming 50th anniversary International Live Stock Exposition.

The show is set for Nov. 26 through Dec. 3 in the Chicago Stockyards. An early tally of entries for the exposition indicates the show will be larger this year. W. E. Oslive, secretary manager, anticipates the biggest cattle exhibition ever staged in the United States. He states this year is largely due to increased premiums this year.

Other divisions are also expected to be larger. In store for thousands of farm folk who will flock to Chicago for the annual event will be the greatest display of America's agricultural wealth ever housed under one roof.

The annual International Grain and Hay Show will have redecorated quarters in the grain hall of the Amphitheatre's third floor this year. The huge carlot show will bring the tops in loads of fat market stock for exhibition in the yards.

The International Horse Show will have nightly performances and five matinees. The cutting horse contest which proved so popular last year will have the famous King ranch horses this year.

In addition to eight days of individual livestock classes, there will be the Meat Show, judging contests, 4-H club parade, the shearing contest and score of other events.

## Claywell Rites Held In Scott

Winchester—Funeral services for Tobe Claywell were held at the Cunningham Funeral home at Winchester at 2 p.m. Thursday. The songs "Good Night and Good Morning" and "In the Heaven of Rest" were offered by Clark Bailey and Russell L. Theodore and C. Raymond Evans, accompanied by Mrs. Russell Evans. Pallbearers were Joe Montgomery, Harry Montgomery, George Hieronymus, Chester Jackson, Charles Claywell and Archie Mitchell. Rev. F. B. Wright officiated.

Burial was in Claywell cemetery.

## HAMILTONS ATTEND FUNERAL

Dr. and Mrs. R. A. Hamilton of 704 W. College avenue went to Alton Thursday to attend the funeral of his sister, Mrs. Ethel Noble, who passed away Tuesday night.

## Dance—Round and Square Sat. Nite. Amvets Club

Public cordially invited.

Matching skirts may also be secured. See us now and place your order. Amazingly low priced.

## Haigh Shop Dunlap Hotel

## BY THEIR CAPS YOU SHALL KNOW THEM

By Helen Armstrong

Why do nurses wear so many different styles of caps is a question which patients and visitors frequently ask.

American Education Week is a good time to consider this inquiry because the answer involves the training of nurses, a phase of education which is coming to rightful prominence on the American scene.

A registered nurse wears the official cap of the school from which she was graduated.

In the above picture, a group of nurses of Our Saviour's hospital are "putting their heads together" in order to display the various styles of professional millinery worn by members of the registered graduate nurse staff.

Standing at the left, Mrs. Lucille Higgins Bushell of Jacksonville, general supervisor on the evening schedule, is a graduate of Brookwood hospital School of Nursing, Bloomington, Ill. She wears a distinctive

organdy cap whose design is a modified sunbonnet. The bonnet part is shirred around the top and gathered across the bottom, while the very broad front, though turned back, is reminiscent of the jaunty sunbonnet of other days.

Seated, Miss Peggy Sweetin of Roodhouse, general duty nurse on the second floor, shows by her cap that she is a graduate of the John C. Proctor hospital School of Nursing, Peoria. The front band is folded snugly over the back, which is neatly boxed to form a trapezoid. In her school, the narrow black ribbon, conferred at commencement, distinguishes the graduate from the student nurse.

General second, Mrs. Eileen Kolber Nierstadt of Arenzville, also a graduate nurse on the second floor, is a graduate of St. John's hospital School of Nursing, Springfield. The broad band of her cap, hemstitched on three sides, is turned back against the cap proper, which shows two slits in place of folded "seams."

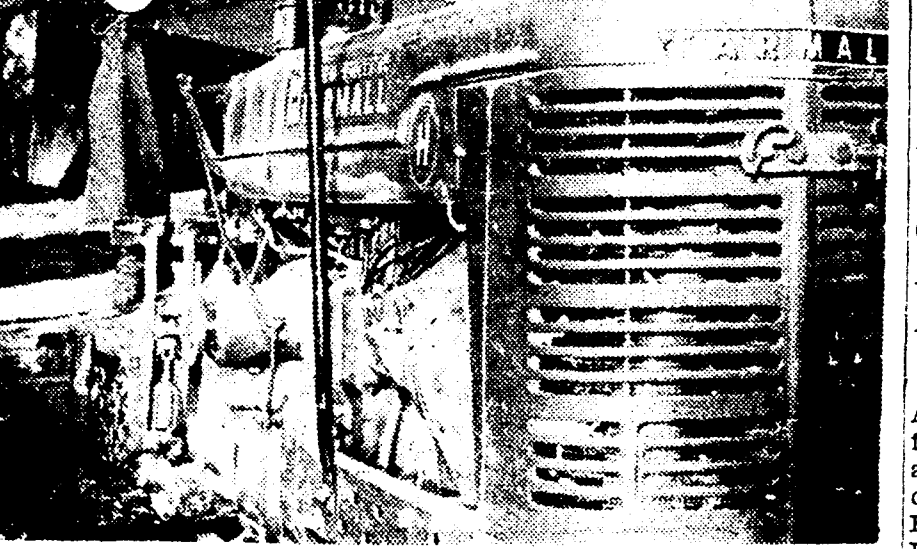

On the extreme right, Miss Ruth Heraty of Carrollton, supervisor of the first floor, wearing the cap of Our Saviour's School of Nursing, represents the 16 registered nurses on the staff who are Our Saviour's alumnae. Two points show beyond the turned back front band, and from these the two "seams" taper inward. Miss Joan Patterson of White Hall, student nurse, also wears Our Saviour's cap.

Miss Heraty has on the long sleeve uniform of the graduate nurse, and she wears the school pin, while on the breast pocket of Miss Patterson's short sleeved uniform are the student's name and the large initials of the hospital, OSH.

The hospital staff consists of 16 Sisters of the Holy Cross, nine of whom are graduate nurses, 20 other nurses of the graduate staff, 30 student nurses, and approximately 80 non-nursing workers.

The dog family includes various kinds of dogs, wolves, jackals and foxes.

## CONTOUR PLOWING AID

By the Journal-Courier Farm Editor. Specialists concerned with the care and improvement of the soil advocate contour plowing of sloping fields. They point out that cultivation "on the level" is easier on the machine and operator, trends for better yields, and definitely saves both soil and water.

As a rule North American farmers don't like contour farming. They would rather plow up and down, or straight across. Some agrarians of older civilizations have been clubbed into the practice. They don't like it either, but they've learned it's one way to keep those few remaining inches of precious topsoil somewhere near home.

Contour farming is rather mystifying to most people. Those with an artistic sense rejoice in the beautiful earth patterns which often accompany the practice, which simply means farming on the level, wherever you go.

Establishing and maintaining the contour line is ticklish business. The exact line is best determined by a surveyor. But it's easy to get off the level. Through the years farmers, have used a wide assortment of appliances to help keep the plow where it belongs. Some of them were rather cumbersome and expensive; many of them failed to do the job.

Western central Illinois conservationists like the device invented by Elmer G. Vortman of Bluffs. He's a contour farming enthusiast, and nearly every acre of his farm located near the Neeleyville Lutheran church has enough slope to suit any lover of the hills.

The device is simple, easily constructed, won't get out of kilter. Best of all, it works.

A metal L frame holds a wooden bar, 22 inches long. A length of ordinary garden hose forms an inverted arc suspended from the ends of the bar. Two glass tubes are stuck in the ends of the hose.

The tractor is placed on level ground. The hose and a couple of inches of each tube are filled with No. 30 lubricating oil. Red cellulose tape is used to mark the oil level in each tube.

## Otto Nickei Dies At Hospital Here; Rites Saturday

Clarence Otto Nickei, prominent farmer of the Concord community, died Thursday morning at Passavant hospital, where he had been a patient since Aug. 21. He had been in failing health since last March.

A lifelong Concord resident, Mr. Nickei was born on Feb. 29, 1896, the son of Franklin and Clara Gaddis Nickei. His father died in 1933 and his mother passed away last June.

Mr. Nickei was united in marriage with Hester Dietrich at Concord on June 1, 1921. To this union one daughter was born.

Surviving are his wife and daughter, Mrs. Mary Elizabeth Kircher of Concord; two grandchildren, David and Emily Kircher of Concord; two brothers, Roy of Concord and Clyde of Rock Island; three sisters, Mrs. Gail Morris of La Mesa, Calif., Mrs. Esther Grote of Tiffin, Ohio and Mrs. Alpha Mason of Jacksonville.

The decedent was a well known farmer, a director of the Prairie Farms creamery at Mt. Sterling and had served on the board of directors of the Morgan county Farm Bureau. He was a veteran of World War I and a member of the Concord Methodist church.

Funeral services will be held Saturday at 2:30 p.m. at the Concord Methodist church. Burial will be in the Concord cemetery.

The body is at the Williamson Funeral Home and will be taken to the church one hour before services.

## Loyal Daughters Class At Ashland Elects Officers

Ashland—Mrs. E. J. Man entertained the Loyal Daughters class of the Christian church at her home here.

The meeting was opened with prayer by Mrs. Ruth Bryant. Roll call was answered by A Favorite Male Bible Character.

Election of officers was held as follows: vice-president, Mrs. Dorothy Sudeth; secretary, Mrs. Gladys Cude; assistant secretary, Miss Anna Savage; corresponding secretary, Mrs. Grace Kendall; and treasurer, Mrs. Artie Walker.

Plans were made for the next meeting, which will be a Christmas potluck dinner to be served at the Christian church basement. Families are to be guests.

Deviations were in the charge of Mrs. Louise Quinley, who gave a reading entitled "Family Prayer," after which refreshments were served by the hostess.

On Sunday, Nov. 13, the Christian church will start a two-week evangelistic service. Rev. Robert Graham, minister of the Arlington Christian church, will be the singer.

Rev. Len Faull, pastor of the Christian church, will bring the messages each evening. All the people of this community are invited to attend.

## William Schramm, Retired Farmer Of Waverly Dies

Waverly—William Frederick Schramm, a retired Waverly farmer, died at 4:30 p.m. Thursday at the Springfield Memorial hospital, where he had been a patient for two days.

He had resided in Waverly 22 years. He was born northeast of Waverly, Dec. 21, 1867, the son of the late John and Elizabeth Schramm.

He survived by two sons, Floyd and Fred of Loomis; one brother, Henry, and a sister, Mrs. Martha Matthews of Palmyra; three grandchildren and two great grandchildren.

The body is at the Nece Funeral Home, and services will be held at 1:30 p.m. Sunday in Waverly. The exact place of services will be announced later. Burial will be in Waverly cemetery.

## Graveside Rites For Alfred Hughes

Waverly—Memorial services for Alfred W. Hughes of Glendale, Calif., formerly of Waverly, will be held at the graveside in Waverly East cemetery at 3 p.m. Sunday. Rev. Francis E. Smith of Mechanicsburg, Pa., will officiate.

In case of inclement weather the services will be held at the Waverly Funeral Home in Waverly. The ashes will arrive here sometime this week from Glendale, where he died Oct. 28. Masonic rites were held in California Tuesday of last week, after which the body was cremated.

## Says Most Of US Funds Go For Wars

Waukegan, Ill., Nov. 10.—(P)—Sen. Douglas (D-Ill.) said today that if the cost of America's military aid program seems high "it's because we are living in a warfare world and not a welfare state."

Douglas said that 78 per cent of the current \$44,000,000,000 budget goes to payments for past wars and for prevention of future wars.

Only five per cent of the total budget, he said, goes toward welfare programs in the United States.

He spoke under the auspices of the Lake county Democratic Central Committee at a public meeting.

## CLOSED NOV. 11 Retail stores will close Friday, Nov. 11, in observance of Armistice Day.

RETAIL COUNCIL. CHAMBER OF COMMERCE. Smith and Leo Stacy.

## Story Of Cahokia Village Told To D.A.R. Thursday

Miss Amelia De Motte talked on Charles. "From the Land of the Sky-Cahokia, a village 65 years older than neighboring St. Louis, after a Song in My Heart" by Richard Rogers. She repeated the latter refrain upon request. Mrs. G. O. Webster accompanied her at the piano.

Following the talk Miss Tate read a resolution by the V.F.W. against war government, and Mrs. G. B. Goldsmith gave a short discussion of the flag. Mrs. R. I. Willard, tablet inhabitant and recently celebrated its anniversary, which she attended. It began with a log chapel built by three priests of the seminary of Quebec who desired to work among the Illinois Indians, outstanding examples of the noble savage. After a journey of 145 days on the St. Lawrence, Illinois and Mississippi rivers, the priests arrived there Dec. 8, 1698.

The settlement rapidly became a fur trading center and at first was known as a Center Mission. The founding of St. Louis affected it seriously. Cahokia houses are French style. The early settlers, principally farmers, traders and adventurers, were gay, lively people. French customs and language prevailed. Father Pontiac of Quebec was appointed pastor.

After the arrival of the British, unfriendly relations between the two nationalities caused many of the French to go away.

The courthouse, built in 1760, is of French design. Some buildings were made by workmen brought from Canada. Garrett mansion, one of the first brick houses in the northern Mississippi valley, has been in almost continuous use since it was built.

The mounds in Cahokia Mounds State Park represent a tremendous amount of labor. Many articles have been taken from them. The State of Illinois acquired them in 1925 in order to preserve them.

Before Mrs. De Motte's speech Mrs. G. B. Goldsmith led the pledge to the flag. Mrs. Arthur Ewert, chaplain, gave a prayer, her own version of the first psalm, and part of the 19th psalm.

Mrs. Barr Brown, one of the music chairmen, presented Mrs. Francis Plouer, who sang "When I Have Sung My Songs To You" by Ernest

Winchester—John Andell, well known Scott county farmer and Democratic committeeman from Point Pleasant precinct for 25 years, died at noon Thursday at Our Saviour's hospital. He had been taken to the hospital Wednesday.

Fifty-seven years old, Mr. Andell was born in Scott county on Dec. 8, 1891, a son of Richard and Ollie Andell.

Surviving are his wife, Bessie; his mother, Mrs. Ollie Andell one son, Weldon, and one sister, Mrs. Mildred Tankersley, all of Winchester. Mr. Andell was a member of the Winchester Christian church and the Masonic lodge.

The remains were taken to the Danner Funeral Home, but will be returned to the family residence Friday afternoon.

Funeral services will be held at 2 p.m. Sunday at the Winchester Christian church. Rev. James Williams will officiate. The Masonic graveside ritual will be given in Winchester cemetery.

The meetings, which are held nightly at 8 o'clock, got under way Sunday evening with a large crowd in attendance. Motion pictures are shown each evening and a sermon, is given.

Next Sunday night an outstanding film entitled "The Man Who Forgot God," will be shown.

These meetings are interdenominational and are open to the public.
